5. Goods Transshipped through Czechoslovakia

Certain goods of Austrian origin, i.e. lumber, newsprint, printing paper and grey cardboard, were exported from Austria to Czechoslovakia exclusively for re-export.

a. Lumber (Schnittholz): from 30 July 1951 to 5 January 1952, a total of 6;387,985 kg. of lumber was transported through Czechoslovak border railroad stations, especially Ceska Kubice (N50/U79) and Horni Dvoriste (049/Q92). Most of this lumber was destined for Trieste and the rest for Rotterdam.
